

## Our services

We offer a complete range of WebDesign and Communications services, in order to satisfy all the needs of a small-scale business.

-  
we create your visual identity: your logo, business cards, stationery, etc... (in partnership with Parth Communication)

-  
we design and implement your website - giving you advice and support throughout the design phase

-  
we maintain your website throughout its life-cycle - hosting, domain name, updates, backups, statistics

- we take care of submission to search engines

-  
we realize your communication projects - flyers, mailings, e-mailings, newsletters

-  
we remodel your visual identity and/or website

We can also implement more specialised products, such as:

- Wikis
- Virtual Communities
- Portfolios etc...

Finally, we also have a training offer, should you wish to carry out your projects yourself: website updates, mailings, e-mailings...
